Researchers, program implementers, donors, and government officials from around the world will convene in Dakar, Senegal from Nov. 29<sup>th</sup>- Dec. 2<sup>nd</sup> to share experiences and renew commitments to family planning and reproductive health. IRH looks forward to this opportunity to share our experiences--expanding family planning options with fertility awareness-based methods, empowering women through gender equitable approaches, and involving men in family planning and reproductive health decisions.

During the conference:

- Attend one (or many) of our 9 oral presentations or 3 poster sessions. See our Presentation Schedule [here](#).
- Attend an IRH-hosted auxiliary event (details below).
- Visit our booth in the exhibition area.

Also, look forward to a surprise from IRH and the conference organizers when you pick up your nametags and conference bags!
